Spratt-Newitt Nuptials

Miss Margaret Stuart Spratt, daughter of Mr. and Mrs. W. B. Spratt, of Richlands, Va., was married June tenth to Mr. Raymond H. Newitt, son of Mr. W. J. Newitt, of Bradford, Penn.

The wedding took place at 3 o'clock on the lawn of the Spratt residence. At one end of the lawn was an improvised altar of pink roses with a high hedge of shrubbery and rhododendron forming a beautiful back ground.

At the first note of the wedding march, four young girls in dainty white organdie frocks, came across the lawn carrying long, white, satin ribbons. They stopped in front of the altar, forming an aisle for the bridal party. They were:

Miss Elizabeth Ward, Tazwell, Va.

Miss Jessie McCorkle, Big Stone Gap, Va.

Miss Myra Richardson, Emory, Va.

Miss Irmie Marie Richardson, Marion, Va.

They were followed by six bridesmaids gowned in pink tulle over taffeta, and carrying pink silk Japanese parasols and a waist shower bouquet of tiny pink rosebuds. The gowns were designed by Miss Irma Campbell, of New York City, who is the artist for Vogue.

The bridesmaids were:

Miss Kathleen Simpson, Winston-Salem, N. C.

Miss Anna Dickenson, Castlewood, Va.

Miss Kathleen Dickenson, Castlewood, Va.

Miss Lula Shannon, Saltville, Va.

Miss Irma Campbell, New York City.

Mrs. H. L. Spratt, Tazwell, Va.

The matron and maid of honor wore lavender gowns, the same design as the bridesmaids. The matron of honor was the bride's sister, Mrs. Charles Baker, of Chicago, and the maid of honor was Miss Helen McGuire, of Portland, Oregon.

The bride entered with and was given away by her father, Mr. W. B. Spratt. She wore a gown of tulle over white satin and imported lace. Her tulle veil was held in place by a wreath

NEW CHURCH WAS DEDICATED TO LORD

Pres. Crossfield, of Trans-
sylvania University De-
livered Sermon

Large Crowd Attend Imp-
ressive Service--His-
tory of Church

Seventy-two years ago the Christian Church, at this place, was organized by John T. Johnson, who had been a member of Congress and left Congress to become a minister. At the time of organizing this church, he was the State official of Mission Work of Kentucky. He was a brother of Richard M. Johnson, Vice President of the United States.

The members built a nice brick church, which was a credit to the town in that day. In 1866 a larger, frame church was erected on the same lot. Two years ago this church being in need of a pastor called Rev. J. W. Ligon, who met the members of this church for the first time, they being so well pleased with him, employed him.

During the first year of his work Rev. Ligon aroused a desire for a new and better building in which to worship, and a subscription was made. Just one year from the first visit of Rev. Ligon, the foundation was laid for the erection of another church on the same place where the other churches had stood.

With zeal, enthusiasm and hard work Rev. Ligon led his members on until June 13th, two years after his first visit to this church, this magnificent structure was ready for dedication.

This structure is of brick and concrete. The auditorium and balcony will seat five hundred. There are nine Sunday School rooms and a baptistry. This is a beautiful, well built and well ventilated building, a very modern church, which is an ornament to this town.

The same bell which called the people together seventy two years ago is the one used now, and was the first bell ever rung in this town.

Rev. Ligon invited President R. H. Crossfield, Ph.D., L. L. D., of Transylvania University and College of Bible, Lexington, as the speaker for the Dedication Services, who delivered two great sermons. He is a master of assemblies and did great service.

It was found necessary to make an appeal for help and after the forenoon sermon the audience was called upon to contribute funds to provide for the debt against the building. The response was liberal, the amount pledged being a surprise to many present. The subscription was sufficient to cover the indebtedness.

A large crowd came down from Pineville and others attended from Corbin, Williamsburg and Artemus and other places.

It Can't Sting.

The editor of an Illinois exchange is a public benefactor and when he dies the people of his county ought to erect a monument to the honor of his memory.

He has discovered a new way to get rid of mosquitos. He tells you simply to rub alum on your face and hands. When the mosquito takes a bite it pockers his gauze so it can't sting. Then it sits down in a damp place, tries to dig the pucker loose, catches its death of cold and dies of Pneumonia.

Revival Meeting

A series of meetings was begun at the First Christian Church Monday. Rev. Ligon pastor and Rev. Herbert Young, of Mt. Vernon, are in charge of the services.

REPUBLICANS HELD MASS CONVENTION

Court House was Scene of Great Gathering last Saturday

Harmony Prevailed--Secretary's Report of Meeting

The Republicans of Knox County, pursuant to call, met in mass convention at the Court House in Barbourville, Ky., at 1 o'clock, p. m., on Saturday, June 12th, 1915, and the meeting was called to order by John W. Hughes, Chairman of the Republican Committee of Knox County, and thereupon on motion of J. F. Catron, seconded by W. F. Parker, Sawyer A. Smith was unanimously chosen Chairman of the Convention, and the said Smith took charge of the meeting as its Chairman, and nominations for Secretary were called for and on motion of W. H. Green, seconded by S. T. Steele, R. N. Jarvis was unanimously chosen Secretary of the Convention.

On motion of J. F. Catron and seconded by B. C. Lewis, it was moved and unanimously adopted that the Chairman appoint a committee of five to prepare and draft resolutions and recommend delegates, and upon the adoption of the motion, the Chairman appointed J. F. Catron, F. J. Mitchell, T. G. Hammons, John W. Hughes and Fielding Gibson on said Committee of Resolutions.

The committee retired to prepare and present said resolutions and in the meantime speeches were made to the Convention by S. A. Smith, J. D. Tugge, J. M. Robison and J. T. Stamper.

J. F. Catron, Chairman of the Committee on Resolutions read the following resolutions, and moved their adoption, and said motion was seconded by John W. Hughes. Thereupon said resolutions were put to vote and unanimously adopted by the convention.

Came G. B. Detherage and moved that in as much as Knox County has two candidates for Senator, to-wit: B. C. Lewis and W. C. Black, that it would be to the interest of the Republicans of Knox County to have only one candidate to run from Knox County, and that each of said candidates select tellers and take a secret vote of the Republicans of this convention, to see who

was the choice of Knox County for Senator, and the one receiving the least number of votes withdraw, and Knox County unite on the one receiving the largest number of votes, and said motion and resolution was seconded by James A. West, and to this resolution John A. Black, the father of W. C. Black, objected and upon placing said resolution to vote, it was unanimously adopted with the exception of Mr. Black.

The Chairman then called upon Mr. Lewis and upon John A. Black, the father of W. C. Black, to name tellers to take the vote. B. C. Lewis acknowledged his willingness to name a person for that purpose and to submit to the will of the convention, but John A. Black, the father of W. C. Black, refused to name a teller and objected to the vote being taken, and thereupon came J. M. Robison and moved that the resolution be withdrawn. This was seconded by J. S. Patterson and upon said motion being put it was adopted.

On motion duly made and seconded and unanimously adopted, the meeting adjourned.

ROSE WITHDRAWS

TANLAC PLANT

**Will Not Make Race For
the Nomination For
Commonwealth's
Attorney**

Owing to the fact that I am a Republican, and owing to the further fact that W. R. Henry, who is from Williamsburg, my own home, is also a life long Republican, and owing to the further fact that the friends and supporters of Henry and myself are Republicans and the strength of one is largely the strength of the other and the candidacy of both Henry and myself is in some measure likely to divide the Republican strength in this Circuit Court District and in that way allow the Progressive candidate, to-wit, J. B. Snyder, who is now running for the nomination, to be nominated for the important office of Commonwealth's Attorney and whereas W. R. Henry, whom I regard as good lawyer and an honorable gentleman, has thrown out his candidacy in this race shown a spirit of fairness with me and, whereas, a satisfactory adjustment of the matter between myself and Henry has been reached, and owing to the further fact that I am very busy now doing some law work that I have to do and cannot put off, I now respectfully decline to run for the race for Commonwealth's Attorney.

Every walk of life is represented in the small army of Kentuckians who have been benefited by Tanlac and who have testified to its merits as a medicine of rare value.

The Taylor-Isaacs Drug Company, Louisville, has sold more than 30,000 bottles of Tanlac in 90 days. The success of Tanlac in Louisville is typical of the cordial reception the preparation is receiving in large cities and rural districts where it is being introduced. In the last six months the business has grown to enormous proportions—so large, in fact, that it recently became necessary to increase the capacity of the Tanlac plant in Dayton, Ohio, which had been producing from 8,000 to 10,000 bottles of the preparation daily.

The unusual and heretofore, unused formula composing Tanlac is, in a large measure, responsible for the medicine's popularity and success. The ingredients, which are gathered from many sections of the earth, are of known curative value.

One ingredient never before has been used in a proprietary medicine. This probably contributes more to the success of Tanlac than any other one thing. Its curative power is conceded to be most effective and rapid. This ingredient was discovered on an island in the Pacific, west of Mexico.

NEW YORK AND CHICAGO
BRANCHES IN ALL THE PRINCIPAL CITIESThe United States (Not)
as a Military Nation

It is high time that we of the smaller communities consider some of the graver national problems in our local publications, written by local writers. The great city dailies are beginning to waken to the shocking condition of the country's military system and the press is somewhat tardily endeavoring to convince the people of the military impotency of the United States. This is a difficult thing to do because of the firmly fixed but false and ridiculous notion Americans have about the warlike preparedness of the country. The idea is false for the country is not prepared. Of the great powers we are the least prepared for war.

But we may hear the objection did not the United States defeat England, mighty England, twice. Oh yes but during the revolution England was engaged in a European war with France, Spain and Holland besides a revolution in Ireland and divided opinion at home. The greater part of the English people were against the American war, so much so that "England actually had to hire Hessian troops for the American war." The English people absolutely refused to volunteer for service against their brothers in America to whom they were united by ties of kinship and mutual sympathy. "The total number of Americans engaged in the American war were 400,000; the British 150,000." Why then was the war so long drawn out? Because the 150,000 British were all trained soldiers while the Americans, the brave were untrained, most of them, and had seen no military service.

The second war with England in 1812—Did we defeat England, then? In a way. England was preying on our commerce much as Germany has been doing lately and we went to war. We had a great ally. "The great Napoleon was also at war with England right at home. England did not have time to prosecute a war across the sea when concerned with a war against a power that threatened the very existence of the British empire. She could afford to lose the lesser to gain the greater object. Besides we haven't so much to boast about in the war of 1812. For instance the General Hull incident at Detroit and the burning of the United States government buildings at Washington, wherein 3,500 English regulars were engaged against 5,500 Americans of which number, however, only 1,000 were trained soldiers. Total British engaged in this war 55,000 (trained). Total Americans engaged 527,652 of which only a small per cent were trained.

The next war against the Creeks: 45,000 Americans against 2,000 Indians. Then the Mexican war: 105,000 Americans against 46,000 Mexicans. Then came the civil war: 2,672,341 Americans against 1,000,000 Confederates. The civil war, of course, also found us unprepared with regular army of 17,000 men.

Had we had an army of a size the civil war would not have lasted six months and the battle of Bull Run would have been the first and last great battle of the war.

Then came the war with Spain: 281,503 Americans against about 200,000 Spaniards. Let us discredit patriotic lies and have the truth.

PLATFORM

The Republican Party in Kentucky in convention assembled at Lexington, June 15, adopted the following platform:

1. We approve the policies of the National Republican Party in providing for the defense of our coasts against the pauper labor of foreign countries, without imposing unnecessary or unjust burdens upon the consumer. We favor the nomination for the Presidency of the candidate who is in accord with those policies and is abreast of the spirits of progress required by ever changing conditions. We condemn the inefficiency of the administration at Washington. Its inadequate tariff law and its war tax in times of peace, which have resulted in the closing of factories, the stagnation of business and the enforced idleness of millions of workmen.

2. We demand the redistricting of Kentucky in Legislative, Senatorial, Congressional and Judicial districts, which shall give equal representation and equal voting power to every citizen of every district, in conformity with the plain requirements of the constitution, and not, as at present, in flagrant violation thereof.

3. We demand the repeal of the present infamous primary law, formed for the purpose of preventing freedom of choice to the voter, and favor the enactment of a law which shall permit party nominations for Judicial offices without regard to the party affiliation of the candidates, so that the Judiciary may be chosen on nonpartisan grounds and the continuance in office of Judicial public servants may be determined by no qualification than that of fitness.

We favor amendments to State laws permitting and encouraging joint nominations of the same candidate by the different parties. We demand the repeal of the law providing for registration certificates imposed upon the State by the Democratic Party for immoral political purposes, whereby votes in Kentucky have become negotiable instruments, passing by delivery.

4. We demand that the public schools of the State shall be taken and kept entirely out of politics and that the interests and welfare of the children shall have first consideration in all public school matters. We call for better schools and schoolhouses, for longer school terms in the country and better pay for the teachers. We also favor extending the aid of the State to its institutions for higher education.

5. There should be complete publicity concerning the expenditures of money for political campaigns, and a law should be passed for the account by candidates and campaign managers of all sums of money collected for political purposes.

6. We demand the enactment of a law providing for bipartisan control of the penal and charitable institutions, and for the abolition of contract labor, and we endorse the constitutional amendment providing for convict labor on the public roads and highways, insofar as the same may be done without injury to free or organized labor.

7. Realizing the influence of good roads on the economic, educational, social and religious development of the State, we pledge ourselves that the present law, introduced by a Republican, authorizing State aid, shall be carried out, and the building of permanent highways throughout the State by a system guaranteeing to the people an honest expenditure of their money shall be encouraged.

8. We favor further legislation for the protection of labor from unnecessary bodily injury, and we favor the enactment of a fair and equitable workers' compensation law.

9. We favor giving to the Railroad Commission power to regulate public utilities of the State.

10. We favor the passage of laws which shall make effective the constitutional provision against the issuance of free passage to officials and their families.

11. We oppose double taxation and favor a thorough revision of the tax laws which will equally distribute the burdens of taxation, reduce the rate, and not only retain the capital now invested, but invest the investment of other capital in the State. We favor the adoption by the people of the constitutional amendment enlarging the power of the General Assembly on the matter of taxation, and when such additional law is passed, to make it effective only when submitted to, and approved by a majority of the people who vote upon the same. We favor such regulation by law as will consolidate assessment and collection of taxes, so that the cost of collection may be materially reduced.

12. We condemn the enactment by the Democratic Party of a large number of obnoxious laws, the creation of useless and expensive offices and commissions and the wasteful and extravagant expenditure of money, and we promise, if given power to repeal all such laws, to abolish superfluous offices and reduce the cost of administration to the least possible point consistent with an economical and efficient system of government.

13. Realizing the importance to the State of the prosperity of the farmers, we heartily approve of their legal efforts to secure better prices for the products of their farms, and pledge ourselves to assist them in all legal

14. For economic, as well as humane reasons, we recommend that the State of Kentucky undertake to supplement and later to continue the work of the United States Public Health Service for the prevention of blindness from trachoma, a communicable and painful disease of the eye, from which the last census report shows that 32,000 persons are suffering in a single section of the State.

15. We call attention to the vast resources of our State as yet undeveloped.

oped and invite capital and labor into the State to develop such resources.

16. Expressly reserving the right of all Republicans to vote upon the question of woman's suffrage, as they see fit, we favor the adoption by the next General Assembly of a resolution submitting this question to the people for decision at the election of November, 1917.

17. The Republican Party in Kentucky is responsible for, and deserves the credit for, the county unit law. In 1907 we declared definitely for the local option law, with the county as the governing unit. In 1911 we again declared for the county unit law in accordance with the constitution. We now declare our continued adherence to the county unit law, and we do hereby endorse the present county unit law of Kentucky and pledge ourselves to its strict and rigid enforcement, and we favor the adoption of such amendments thereto as may be necessary to make it effective beyond question.

Fair Warning

And now, they say, they are going to prohibit pink lemonade.

The bacteriologists, or whoever it is that are always discovering that something particularly dear to our hearts is deadly and dangerous, the bacteriologists say that it has more germs than Heinz has pickles. So it must go. Well, all right. But by the great Central Pole of the universe; we want to warn you scientific ginks, right here and now: don't go snooping around and discovering that it is unsanitary to feed peanuts to the elephant! For if you do, and you try to have any laws passed prohibiting that pinnacle of pastime, the great American public will rise up on its hind legs and hurl the whole horde of you, with hideous ruin and combustion, down to bottomless perdition!

THIS IS THE MOST IMPORTANT ADVERTISEMENT I EVER CAUSED TO BE PUBLISHED--READ EVERY WORD--THEN MARVEL

On a personal visit to Mr. Henry Ford I broached the subject of a possible August 1st Rebate. "Mr. Ford," I suggested, "Is there any thing I can say to our people, with regard to the Ford Motor Co's 300,000 car rebate plan?" "We shall sell the 300,000," was the quiet reply--"and in 11 months, a full month ahead of August 1st."

"Then a refund is practically assured?"

"Yes, barring the totally unexpected. We are 50,000 to 75,000 cars behind orders today. Factory and branches are sending out 1800 daily."

I then said to Mr. Ford: "If I could make a definite refund statement we would increase our local sales 500 cars."

"You may say," was Mr. Ford's deliberate and significant reply to this—"You may say that we shall pay back so each purchaser of a Ford car between August 1, 1914, and August 1, 1915, barring the unforeseen, the sum of \$30. You may say that I authorized you to make this statement?"

What can I add to the above? \$15,000,000 cash coming back to Ford Owners! And to prospective Ford owners up to August 1, 1915, it actually means Ford Touring Cars for \$490--less the \$50 rebate! Ford Runabouts for \$440--less the \$50 rebate! What is there left for me to say?

Watch Your Wife

Keep your eye on your wife. Not to keep some other man from stealing her—for wives worth having are not stealable.

But keep her contented, for that will help you to keep cheerful. And to keep her cheerful for that will keep her pretty.

To keep her pretty is to help yourself keep your eyes off other women, a very necessary thing for a married man if he would be happy.

Keep in mind the girl you led to the altar—for your wife is that girl; just as good, just as lovable, just as sincere, just as honest.

Just keep your eye on your wife and do your share toward making a success of your greatest business undertaking—the business of being a happy married man.

WILLARD HOTEL

H. D. LINDSAY, Manager.

When the trials of life, real and fancied, come upon us we throw self an inspiration? Does it not open the channels of our mind to radiate an idea of "Faith?" Is it not natural to associate the term with life? What could life be without hope? An emptiness, may have an evil bearing on our a colorless term. Could life exist if it were absolutely without hope? We think not. The two are too closely associated. Imagine a life without hope and faith, to look out into the dark unknown, that dark mysterious somewhere without that confidence in the goodness and providence of the Master Spirit, that, indeed, would be a terrible outlook.

When hope is our soul, when cheer is in our heart we are always looking toward the light with confidence in the natural goodness, in the unfailing providence of the master mind. Then the shadows may come but if we are facing the light they fall harmlessly behind, broken by the arrow shaft of love.

The cheerful man with hope and love in his heart is able to laugh at gloom, to minimize the pain, to mock at death. His healthy mind tells him that his present state is but transitory and that death is not a sting but merely the release of the soul, which

Gone, all the pleasure, the life, that it may seek it's God, beauty, the joy of life, forever, the fountain head of life, and the soul is dead.

"Hope." Is not the word it's

A TREACHEROUS TROUBLE.

Barbourville People are Shown the Way Out

Kidney diseases are very dangerous. They come on silently, gain ground rapidly, and cause thousands of deaths that could have been prevented by proper treatment in the beginning. Nature gives early warnings of kidney disease—backache, twinges of pain when stooping or lifting, headaches and urinary disorders.

If these symptoms are unheeded, there is grave danger of dropping or possible Bright's disease.

Dean's Kidney Pills have earned a reputation for their effectiveness in kidney troubles, and are known and recommended the world over. Barbourville readers should find convincing proof in the following statement. It's from a citizen of this locality.

Mrs. Huston Hobbs, Cumberland Ave., Pineville, Ky., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. My head and back ached and often I was nervous. Doan's Kidney Pills brought me great relief in a short time. The pains left and kidneys became regular in action."

Price 50¢, at all dealers: Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hobbs had. Foster-Milburn Co., Props., Buffalo, N. Y.

This mental condition comes to be our soul, our life. Then all the beauties of life disappear, we are wrapped in a curtain of gloom, become melancholy and morose. Gone, all the pleasure, the life, that it may seek it's God, beauty, the joy of life, forever, the fountain head of life, and the soul is dead.

A traveling Ventriloquist showed to a large audience Monday night, regaling them with a number of "would have been" witticisms.

We thought we were merely joking last week when we accused Warren of depleting the various leagues of their star players.

Alas! we find it is too true, as it appears Umpires as well as players have been removed from the big leagues.

Mrs. Ella F. Black and children, of Barbourville are the guests of Mrs. Black's brother W. E. Price, this week.

F. C. Partin, of Wheeler, passed through Artemus Wednesday morning, returning from the convention at Lexington.

Mrs. W. W. Snead, of Warren spent a few hours in our Village Wednesday.

Manager Helton of the Artemus Terrors backed his team up against the strong Bennettville second team last Saturday which resulted in a defeat for the latter by the tune of 12 to 11. The game was enjoyed by quite a large crowd o' "Fans." The feature as well as the wonder of the game was the umpiring of "Mutt", the wonder being as to how he ever managed to arrive home safe and sound after his many misjudges of the wonderful game of base-ball.

The Artemus Base Ball Club, journeyed to Warren last Saturday and played the "Crack" ex-Illinois and Coalfield leaguers which resulted in a loss for Artemus team by the score of 10 to 7.

Warren crossed the plate in the first three innings for a total of six runs, but after that they by all their hard playing only managed to tally 4 times while Artemus collected a total of 7 runs in the last 6 innings. The Artemus team although they were defeated, were very much surprised at the class of ball that the ex-leaguers put up. Here's trusting that the Illinois League will not release any more of their stars to the Warren Club, as it would only be a knock on the class of ball that they play up there.

Barbourville is scheduled to play Artemus Saturday and as it appears to be in line now for poor old Artemus to receive a drubbing, principally by those

whose elocutionary powers exceed their ability to judge. We presume our good friends, whose solicitude has been made so manifest during the past few days, if we may judge from inquiries made, are rejoicing and earnestly hoping that the aforesaid drubbing will be administered by Barbourville in the gentle manner. However, we shall see what we shall see and we hope that we may be graciously pardoned by solicitous Sammy when we say we expect to win. Why?

Because we are not going up against the flower of organized baseball; nor are we expecting to play against a great big bunch of ex-leaguers. We are merely going to play against a bunch of rattling good amateurs who know the game thoroughly, who love it and who are good sportsmen.

If Barbourville loses, we predict just here that they will not ascribe their defeat to too much fire water, nor will they try to ride a "Chail-y-horse." The same will apply to Artemus, and if we are beaten, we will state the simple facts, without any embellishment of excuses. Now Brother Carmack, we hope to win; and because we have deigned to hope, will you and your bunch not pardon us for so doing?

Mrs. W. W. Snead was shopping in Barbourville last week.

Mr. and Mrs. Chas. Raney attended the Dedication of the new Christian Church at Barbourville Sunday.

Gordon Isaacs of the store force is spending his vacation with homefolks at Witheville Va.

Otto Hemphill formerly of Artemus has accepted a position with the Asher Lumber Co. near here and has gone to work for these people. Otto is a good ball player and in all probability will play with the Warren team.

William M. Gose of Bristol, Va. spent Saturday and Sunday with S. P. Carmack at the Club House. Mr. Gose is a Mining Engineer and will be located up around Harlan.

Playing Good Ball

Last Tuesday Bennettville and Warren played Ball on the Warren diamond and while Warren had the best of the argument, it was a good game and was thoroughly enjoyed by a large crowd. At the windup Warren had scored ten runs to Bennettville four. The Warren mighty sluggers got seventeen hits, five of them being three baggers and big Bill Dixon got three of them out of four times up and every man on the team batted safely once during the game. Warren has taken every game from Bennettville this season.

Artemus vs. Warren
In one of the hardest fought games this season, Warren defeated Artemus on the home grounds here Saturday afternoon to the tune of ten to six. It was the best game that any opposing team has put up against Warren.

Hayden essayed to do the twirling for Artemus and only lasted two innings. Warren batting his delivery for six runs in the first and two more in the second and he gave away to Perkey who pitched a good game for the next seven sessions, allowing the boys just enough hits to gather in two more runs during his stay in the box. Jim Dixon put them over for Warren and was never in danger until the ninth when three hits and about that number of errors allowed the enemy to score two runs before a man was down but the boy tightened up and by good headwork got the next two and with the bases jammed Tom Cox did the "Casy at the bat" and it was all over. Artemus played a good game after the third inning and with little Jess Trosper playing short and Hemphill on first has improved them considerably and will give any team a pretty stiff fight from now on. Big Bill Dixon got two three baggers and two, two baggers out of five trips to the plate and "long" Jim Turner only made four hits out of four times up.

The Artemus rightfielder chased the ball until he got tired and

after the game was about over it was discovered that he had a "buddy" throwing the balls back into the field and he shouldn't be blamed much for it for every hit looked as though it was going a mile.

The Cumberland ran a special train up to Warren and a big bunch of rooters came up for the game.

Following is the lineup of the two teams.

Artemus: B. Trosper, c. J. Trosper, ss. Hemphill 1b Perkey, 2b Cox, 3b Jones, lf. Hopper, rf. Hayden, p. Webb, cf.

Warren: C. Dixon, ss. Kuhn, 3b Deatherage, 2b McCracken, 1b Bill Dixon, c. Gilford, lf. Turner, rf. Parker, cf. Jim Dixon, p.
